I Move it , Im Movin ,You Move it
Your Movin , We Move it,
We Movin
Lets Move it ,
Its Movin , Its Movin
It's Movin (Ä— - Repeat)
1.Move
2.Dance
3.Live
4.Love , In A Trance

Ancestors Awoke
Nothing Stoppin Justice
In a system thats Broke
You can never Hush this
Tradition of the mission
You could trust this
And its gonna change the world so you could bust this
Its going down
Just look around
If you need hope just listen to the sound
The winds of change
Times are changing
The time is now
Take the Crown

Revolution awake time to conquer the hate
Time to take it to the state
We dont want a debate
You don't want to be late
when they open up the gate
And they let the children in to rule the Great
This is our blessing
This is Our Fate
For the many years of suffering at an alarming rate
So no need to be calm and wait
We've been dreaming and scheming by any means and
Playing every schene and every theme and
But it's seeming like we're missing the meaning
Cut turn the track off time to tell the enemy he better back off get your weight up never slack off put your prayers up dry
your tears up

The Spirits Awake
Everybody every state Everybody Get a plate time to heal the body tap into the frequency heal up play True Heart frequently
wheel up like a DJ put the Lord on repeat on the replay when you take a little bit of what he say and apply it to your life put
some quiet to your life aye
From the East Coast to the Bay
To the A
To the 6
To the H town to the Mississipp's
To the little wayne and the little Flips
Take a little trip
Cause we about to blast off
Got the starline packed about to cast off
And youll never see us again

" Allegory of The Cave "

(Chorus)

I , I , I , I heard about the Cave
I , I , I ,I dont wanna be Slave
Y,Y,Y,You wanna get away
I , I ,I ,I Wanna Feel the Sun Ray
1.-(Do it
2.-Can You do it
3.-Can We do it
4.-Do it , Lets Do it)

Never gave A people reperations
Why do they have so much patience
Outta All of the Nations
They Always Feel the Frustration

Well the Maps out and we leavin
Castin off in the breeze and
You watchin or you workin
Found out Or you searchin

Its Levels when you playin
Ballin or you prayin
Stylin or you Slayin
Slackin
Stackin
Riddle me this while Im Rappin
Did you ever think that it would ever happen?
(What)
The prosecution of the Captain
The Good Ship Called Jesus
Sir Hawkins would lead us
Defeat us then beat us
But they cant distract from the Soul the force cannot be controlled
We on a roll on deck and never will fold
You better hold some respect and do what your told (3Ã—)
Get on line on time with the rhyme and
Do it

Guess we better get rollin then
Dont wanna get caught in a trap that gets you sold with men
Dont wanna get caught in an Act and pay the toll of sin
Dont wanna get left up and cant get right with backup
No Allies when the opposition forces stack up
You realize that you probably shoulda never act up
Now your stuck in the game stuck in the chains of the same thing driving you insane till you rearrange and
Do it

Ayo
Bavk to back with the mission
2,303 vision
Watch the man when he dishin
Better make sure you better listen
Better make sure you keep a distance
Better take notes when your listening
Better get quotes and you better stay woke cause a leader will choke when the man pulls the rope
Better put holes in the system
Better not gloat when it gets dimm
Better get your beretta

Cause when it comes to chedda all the wolves will talk about what you aint give them

Fools will talk about what you aint give men

The blessed will talk about your humanity

Vanity

Wanna last long if you let your songs reflect the dysfunction of the world that were living in

Now you know the hell storm that were swimming in

Like katrina

Have you seen her

Yeah I seen her down the street with the president

Telling lies to all of the residents

Spreading lies to all of the residents

"Appoggiatura"

"Ready Reign,
Ready Rain"

You Ready for it
Gettin Ready for it
Get Ready for it
Waitin for it
Wait for it

Dont be late for it
for it many died on the rise for the prize when their lives faced hate for it
Set a date for it
Realize that your eyes are the place
Where the vision takes shape for it
So Create for it
Put your mind to the design
And grind til you align wit it
Transform to avoid the storms that come along wit it
And hold on til you almost get it
And perform like a soldier
Get Ripped ,Get it on , Get Equipped
Cause the Worlds gettin colder
No wonder why Marvin Gaye said whats going on
People want to live long but they living wrong
They All wanna get On but they driven wrong
You can hear it Every verse
Every song
Every curse
Getting worse
And the thirst for the Destruction
Of the One that Came First
It feels wrong
But have we ever had a true and living
Example of what it is To Be Strong
In this Land where A man is Hurt
When he can find the worth in taking a Stand
Many plan for the Race
Not Knowing the Pace
Slow and Steady across the Sand
With The Sun in your face
And Lord Showing his Grace
Until you arrive at the prescribed place
Know its in The Will
So you could just vibe and Chill
And rejoice knowing you found the Real
The Sound Of the Source
The Course they cant Steal
We Master the Force
The Mask is Unveiled

Meditate for it because your Attention
Is necessary in your attempts at Perfection
If that is what you seek ?
However the Battle that you may be preparing for could be one where the opponent is actually you
So get Clear in your thinking
As to not make any wrong decisions
About this very important task

That lies ahead

Get a taste for it

By now you already know what you want

You can smell it

You can feel it

Now its time to get a taste for what it will take to endure the journey of course

That lies ahead

"Delusions of Grandeur"

(chorus)

It May Be a Dangerous Game

You dont Really , Need All of This Fame

It Wont Be the Same , When You Change

You Dont Really Want it

You Dont Really Need It

Talk to em kid

Play it Safe in Ya Space at a Pace Kid

Keep the Base ,Dont Erase what his Grace Did

Some say it to ya Face ,others keep it Hid

If it Wont leave a Trace

Then Replace the Lid

You dont Wanna be the Ace in the Hole, in the Case that's Traced Back Right before Ya Fam Slid

You dont Wanna lose Ya Soul, or Control

Of the Goal ,so you better Roll Quick

Before ya Catch a Bid

Cause nowadays everything is caught on Vid

Cold hard evidence you cant get rid

Of

Better make sure you give Love

A power trip is the most dangerous drug

Take a sip ,No Gulps Feel like the Hulk

Feel like a million bucks and your gettin bulk

But no man plans for downfall though

Thats why the story go reap what you sow

Forget what ya know

Learn everyday

Or you may find out Karma Dont Play

If it aint The Lords Armor then it wont stay

It may Charm ya but Stay Alert Anyway

It could disarm ya when you least expect it

Inspect it and if you find a sign deceptive

The choice yours still

Red or Blue pill

Ignorance or Bliss

The curse of Free Will

Maybe thats the jist of why we stay chill and froze and never rose and we aint free still

Children of Sun

Neo like the one

Thinking like itÂ just begun

You so dumb

Cause we been at War

Since before the score was 4 to none

So no its Far from done

So far from We Shall Overcome

We Need to Start to Take the Art And Run

"Lorica"

Another Day in metropolis

Trying to figure out

Just how to exist

In this

(Narration)

I'd rather destroy a system of oppression cant waste my time waring with another man stressin

(chorus)

Sense of Urgency ,

The World is in A State of Emergency , This is A Prayer for Protection Oh Yes

A Prayer for Perfection

Negativy Its Deflecting

Lost Souls Are Ressurrecting Ahgh !

(LORICA—9)

Heres a little story that I would like to tell

About the little drummer boy that could do it well

Main Acorn

Makin nothing outta somethin

Youve been Warned

So aint no need to Yell

(eeze back)(4X)

(Go Heaaad Agh ,Go Heaaad Agh !)

Yo Ok

the Warrior code is sealed with steel , the Beast may Reveal , who he aims to kill

Im hip hop til my mic pass,

Passin my comp fast , so aint no need to gassed

Homie Pump brakes , pump fakes

Only work on them chump snakes

Bump greats only

Thats probably why Im Always Lonely

Aint tryin to be around the light dimmers

My light shines, their light shimmers

Im gettin Hot Simmer ,Simmer

Summer , Summer Time Coming Gettin Grimmer

Time to switch it up on em change the flavor

You aint living right change your neighbor

You aint got the light its your behavior

I know you want the glow you wanna know

How to flow with the universe

Spread light spread love and curse the curse

Dread rise up above and catch the purse

Of the captain

Now we stackin

Now we rappin

Now we trappin

Now we got the clientele

And doing very well

Oh no wont let the head swell

The means justify the end we wont sell

The soul for control of material

Might as well put lead in the cerial

You cant destroy the imperial

Cause we employ the ethereal

Space man with a plan came way before man

We stand in alignment waitin for the assignment

So now its here

Taking it to the crowd

Taking it to the ear with no fear

Make sure that its crystal clear
Prepare for the end my friend cause its near
The scent of the demon sin is in the air
The scent of the sage is brave lets say a prayer
A prayer for the truth
The truth in the booth
Yeah and with this truth I declare
That no longer will I be captive
Will we be captive
Rise above
Get outta here
It was never meant for you to stay
Only meant for you to play and find your way
Find your wings
Fly

Â "I Cant Get A Break"

(After 80 years man , you would think after all these years of the clown show we'd have much more to show, I mean 80 years ? Seems like we cant get a break , or more so I cant get a Break)

Yeah got me feelin like its nothing there
Yeah the picture used to be clear

Nah that cant be the reason though
No it was all good a year ago

Oh They say it happened already
Damn Why I feelin so petty
Man you already know son
What
It takes one to know one

It was supposed to be Fun
Now Im running like a chicken
In a rat race
At a cats pace
Getting chased by the Pigs
Yeah
Where my dawgs at kid
Nah All doin bids
No thats not what he did
So when we gonna get em out
Freedom what im talkin bout
Maybe if I scream and shout
The president will hear me out

I just cant get a Break

Uh What the Man Want from me?
dont he know Im too Im Busy
Im tryin to make a plan happen
He tryin to kill the flow though
Nope
you cant have this one
Nah you cant have that either
Uh unh
You a little too eager
Fall back before you get some
Harsh words, but I Aint Playin
And I know you hear what Im sayin
Homey
Im like the Clown Played by A wayan
I been waitin for this Fight before the weigh in
Writing every single night til the day when
I get brought before the world to receive my pay and
Smile on my face everybody hoorayin
Open up A Blank check
What the heck

I just cant get a Break

Uh now im bout to wild out
Aint no more talkin out
Said I wanna get free

You dont really hear me
Oh now you wanna go slow
Oh now you didnt even know
Oh I think its too late son
I think you had enough fun
Now you wanna grab a gun
Thats your problem in the first place
The world is such a big place
Why you gotta crowd my space
I guess its a sickness
And most dont want the cure
And most not even sure
That they got it

I just cant get a Break

Fight for the Movement
This All we Got Fam
Unless you wanna Robot for Ya Uncle Sam
Some of ya wanna turn Cop take a Humble Stance
But the Humble Man is in the Jungle Sometime
I like to Understand life from a higher scan
Higher goals,Â Higher vision
The Lords Mission
While the 99 percent sin and repent
The one done came and went
You get the hint
The game never change
Only the names
So make arrangements
If you if want the fame
But if you destroy boy
Expect the blame
Cause Many came with the claim
Of the right lane
Stained souls
Exposed truths
Left human remains with no proof
Now thats forensics
Like Hendrix
Hey Joe did you know
What I know though
If you did you would know its a no ,no
To parade in the shade when you got doe
Get ya life first know your self worth

Then right back to The Movement

The Right choice was made
For Us
As we navigate the plains of the Serengeti
Proceed At Top Speed like Andretti
Use the force to avoid the distractions
Strategize to avoid counteractions
Now that we gaining forward motion and traction
Its wise we divide
The opposition in fractions
Its simple math
If you search
You could get the path
So get to work
BeFore you get the wrath
" Of Who "
The ancestors that came first
"Of What"
The truth to avoid the curse
"When"
Many years before men
"Why"
It only make sense to try
"Where"
Dont know my man just prepare
And I'll see you there

"To Serve"

"I vow"

To protect the Family

"I shall"

Be All I need to Be

"I Live"

To Respect Divinity

" I will "

Set the people

(1st Verse)

One day imma leave Earth

Might not be in a hearse or a full church

But it will be in a chill vibe that I can feel

After all you wont feel nothing to keep it real

Gods will it aint cold blood from cold steel

But bus it stuff happens and you could trust it

Especially if a manÂ gives his soul rappin

People hate that your awake and wanna start cappin

And the hate be so real you wanna go away

But when your gone they really wanted you to stay

Life is a sandbox Bro and you could play ,but you better get to thinking when you start sinking

And you better meditate before you start drinking

Goals get outta control then your dead and stinking

Get wise open your eyes before you start blinking

Worry for your life when you see the Devil

Winkin

No praise for the wicked man ways

You better bow down before GOD before the End of Days

Some Snakes Are just waiting around for your Death

So they can Hashtag the Name of they song right on ya Chest Yes

(2nd Verse)

Great

Stayin ya lane you wanna play with your fateÂ

The pride turns beef into steak

Float in a Lake

Dont need to visualize no more do I?

Many mortals try but they cant see I

The swords swings another King decapitated

A building falls

A kingdom is dilapidated

All falls back to what was once stated

Great is the reward for those who patiently waited

A ceremony for the ages

Cause they finally made it

A history locked in the pages of the Life

That was once faded

Now clear and concise

For All to Marvel At

So Float with the Steam, if you da cream of the crop
Rise and never stop
Till you hit the Top
Then pop that lid off

True He(ART) write up

Yes Lord Judah is a rapper, yes Lord Judah is a Producer , yes Lord Judah is amongst a Sea of Hip Hop Artist even within his own community , however there is a Higher Grade Of Intelligence infused into his Music.

Growing up in white plains n.y the home of the very famous galleria mall where yonkers r&b talent mary j blige was discovered , and later working there for 6 years as a security supervisor Lord Judah. Would spend many a Night Studying Record labels such as Bad Boy and Ruff Ryderz, The Label responsible for multi platnum acts such as DMX and Swizz Beats andÂ The Locs.

My Album is the University of Me .My thoughts , ideas , hopes and vision for the Future.

Having Released Two Albums in a Years Time "Accountability and True He(ART)" both containing Zero Explicit Lyrics , no refrence to Guns or Disrespect to Women Lord Judah is setting the tone for showing snd proving that Hip Hop csn be used as a tool for positive development of ones self, the community , and the Planet that we All Live on.

Each Song was prepared like it was a designer outfit making the Album an Ensemble for the mind, body and, soul.

Although lord judah does not have a particular favorite artist being that he is a dedicated student of music his main influence however is Bob Marley

" The Burden of Greatness " when you owe it to all of your influences and inspirations to provide the same gift and picture to the NEW Audience it is

So to all the agents of change , and toball the agents "Your Minds Will Be Changed"

Hip hop nurtures and encourages the

Disenfranchised as an extension of the American dream through economic freedom and vision individual will be remodeled hip hop is certainly something that I hope will be stressed it is most positively. From an artistic social and economic perspective hip hop is the connective tissue.

Album notes

Fade out Recipe a little earlier.

Fade in den of thieves and make the official song enter on the drop.

Auto tune chorus for first you ever heard and Lorica. make more space between allegory and the interlude before it , and make more space after allegory possible longer fade out. Delusions of Grandeur will have auto tune on chorus. I cant get a Break should have an auto tune on chorus but make it special so that the album is not auto tunes crazy.
